RE: CC Docket 02-33 - Notice of Permissive Detariffing of
Wireline Broadband Internet Access Transmission Service

Dear Secretary Dortch:

On behalf of The Glandorf Telephone Company, Inc., Glandorf, Ohio ("Glandorf") and consistent with the requirements of paragraph 101 of the Commission's Report and Order in CC Docket Number 02-33, released September 23, 2005 (the "*Wireline Broadband Order*"), this is to notify the Commission that Glandorf intends to discontinue offering its wireline broadband Internet access transmission service ("DSL Service") on a tariffed basis. Although its DSL Service will be detariffed, Glandorf will continue to offer it on a common carrier basis. Accordingly, the following area will be removed from the list of carriers providing DSL service under Broadband Network Group, LLC Tariff F.C.C. No. 1, effective July 1, 2009:

Company

Study Area Number

The Glandorf Telephone Company, Inc.

300619

Glandorf is currently offering its DSL Service to one customer. Notification to that customer occurred contemporaneous with the filing of this correspondence by personal delivery. A copy of that notice is attached hereto. Further, a copy of this Notice of Permissive Detariffing has been served upon the Governor of Ohio, the Public Utilities Commission of Ohio, the Special Assistant for Telecommunications at the Department of Defense, and to Broadband Network Group, LLC.

Please address any correspondence regarding this Notice to my attention:

**Notice by Glandorf Telephone Company, Inc. to Provide Wireline Broadband
Internet Access Transmission Service on a Detariffed Basis
May 27, 2009**

Pursuant to the Report and Order released September 23, 2005 by the Federal Communications Commission ("FCC"), facilities-based wireline carriers are permitted to offer broadband Internet access transmission common carrier services either pursuant to tariff or on a de-tariffed basis. Effective July 1, 2009, Glandorf Telephone Company, Inc. ("Glandorf") will begin offering its broadband Internet access transmission service (the "DSL Service") on a detariffed basis. The terms and conditions of the DSL Service are available for review at Glandorf's business address of 135 South Main Street, P. O. Box 31, Glandorf, Ohio 45848 and will be available on its website at www.glantel.net by July 1, 2009.

The reason Glandorf has decided to offer its DSL Service on a detariffed basis is simple. Currently, Glandorf is required to offer its DSL Service pursuant to the rates, terms and conditions of the Broadband Network Group, LLC ("BNG") Tariff F.C.C. No. 1. The BNG tariffed rates are average rates that are higher than the rates Glandorf can offer on a detariffed basis. As a result of Glandorf detariffing the DSL Service, we hope to increase the use of broadband Internet access, a goal shared not only by Glandorf but also by the Federal government and the State of Ohio.

Although the detariffing of the DSL Service does not constitute a discontinuance of the service, the FCC requires carriers that make this change to follow procedures similar to those required for discontinuance. Consistent with those requirements, please be advised that the address for Glandorf is 135 South Main Street, P. O. Box 31, Glandorf, Ohio 45848 and that the geographic area affected by this change is Glandorf, Ohio.

The FCC will normally authorize this detariffing of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If

you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. Address your comments to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of Glandorf Telephone Company, Inc. Comments should include specific information about the impact on you or your company of Glandorf's plans to provide its DSL Service on a detariffed basis.

This notice is for informational purposes only, as required by the FCC. No action is required on your part. If you do have any questions, feel free to call me at (419) 538-6987.

Sincerely,

Linda Heckman
Manager
